

Office 365 is Now Available for Students

The East Islip UFSD is excited to announce the Microsoft Student Advantage program. Because of East Islip's enterprise agreement with Microsoft, all students K-12 are able to download and install Microsoft Office desktop applications on their home computers for FREE! This is very exciting as it will provide students with access to current digital tools to use at school and at home on any device connected to the Internet. With Office 365, learning possibilities are limitless!

Cloud Storage

- OneDrive
- 1 TB of space (reduce need for USB drives for storage)
- Ability to share files and collaborate

Productivity Tools

- Microsoft Office 2016 and apps- can install on up to 5 PCs/Macs and 5 mobile devices
- Access to Office Online (Word, Excel, PowerPoint, OneNote)
- Access to Sway (presentation tool) and other educational tools as they become available and approved by the Instructional Technology Department

How does my child access his/her account?

- Open a web browser. Go to <http://portal.office.com>
- Login using this format:
 - **Username:** *Firstname.Lastname@eischools.org* (or the username for the school network followed by @eischools.org)
 - **Password:** Student ID# (passwords may need to change in the future)
- All the online apps that students can access will be shown on the login landing page.
- If you would like to install Microsoft Office on a computer or a mobile device, click the links in the Install section.

Students should visit the school building Library Media Specialist for assistance or email: Student.Accounts@eischools.org

Note: The District's agreement with Microsoft for Office 365 complies with applicable laws regarding privacy of student data including the Family Educational Rights and Privacy Act (FERPA).
